Forecast For West Midlands
Issued by Met Office Exeter
at 1600 on Friday 25 Jun 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Scattered showers continuing this evening, turning largely dry overnight.

This Evening and Tonight:
Scattered showers continue in the west of the region through the evening, slowly easing overnight, though these may fall heavy for a time in southern parts. Cloudy overnight, but largely dry by dawn with just a few lingering showers. Minimum temperature 9 deg C (48 deg F).

Saturday:
A dry start for most, though scattered showers quickly develop through the morning, mainly in southern areas initially. These primarily affect northern areas later. Sunny spells throughout, feeling warm. Maximum temperature 22 deg C (72 deg F).

Outlook for Sunday to Tuesday:
Mostly dry on Sunday and feeling warm in light winds and sunshine. Rain edging northwestwards in an uncertain fashion on Monday, then tending to fizzle out during Tuesday.
